7. Glossary

1. Introduction

The MDO-XCCA Museum Inventory Management System is a web-based application designed to help authorized museum staff manage, monitor, and organize museum artifact records more efficiently.

The system provides a centralized digital platform where users can record, update, track, and view important artifact information such as artifact names, descriptions, categories, storage rooms, provenance, contact information, and artifact images.

This user manual explains how Admin, Assistant, and Guest users can perform common tasks in the system.

- **The Admin** can manage rooms, artifacts, categories, users, and system records.
- **The Assistant** can browse records and add artifact records where permitted.
- **The Guest** can browse the collection, search for artifacts, filter by category, and browse rooms.

2. Getting Started

2.1 System Requirements

A modern web browser and a stable internet or local network connection are required to access the system. No additional software is needed for regular users.

- Recommended browsers: Google Chrome, Microsoft Edge, or Mozilla Firefox.
- Use the official system of URL provided by the administrator or IT personnel.

2.2 Accessing the System

STEPS:

- Open your web browser.
- Enter the system URL provided by the administrator.
- Wait for the login page to load.

Example local development URL: `http://localhost:5173`

2.3 User Roles and Permissions

The system uses role-based access control. Available functions depend on the account role used during login.

Task or Feature	Admin	Assistant	Guest
Log in to the system	Yes	Yes	Yes
Browse artifacts	Yes	Yes	Yes
View artifact details	Yes	Yes	Yes
Search/filter artifacts	Yes	Yes	Yes
Add new artifact record	Yes	Yes	No
Download artifact report	Yes	No	No
Add/manage rooms	Yes	No	No
Delete room	Yes	No	No
Delete artifact	Yes	No	No
Edit artifact information	Yes	No	No
Transfer artifact	Yes	No	No
Manage users	Yes	No	No

3. For the Admin

Admin accounts have the widest access in the system. Admins can manage artifact records, rooms, categories, users, and other administrative functions.

3.1 Logging In

STEPS:

- Open the login page.
- Click **Sign in with Google**.
- Select the authorized Admin Google account.
- Complete the Google sign-in process.
- After a successful login, the system will redirect the Admin to the main display.

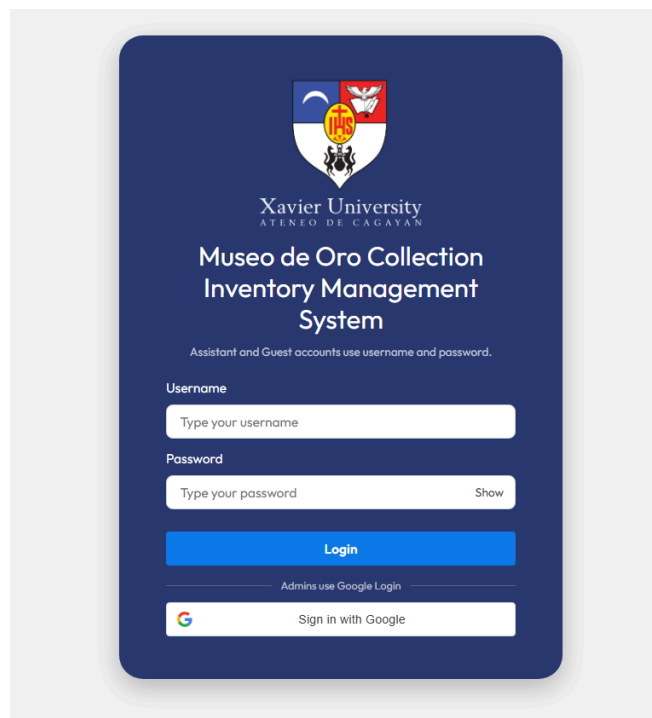

Figure 3.1. Logging In - Admin authentication screen

3.2 Main Display

STEPS:

- After a successful login, the main display shows the artifact collection.
- Use the navigation, search, category filter, room arrows, and action buttons to access system features.

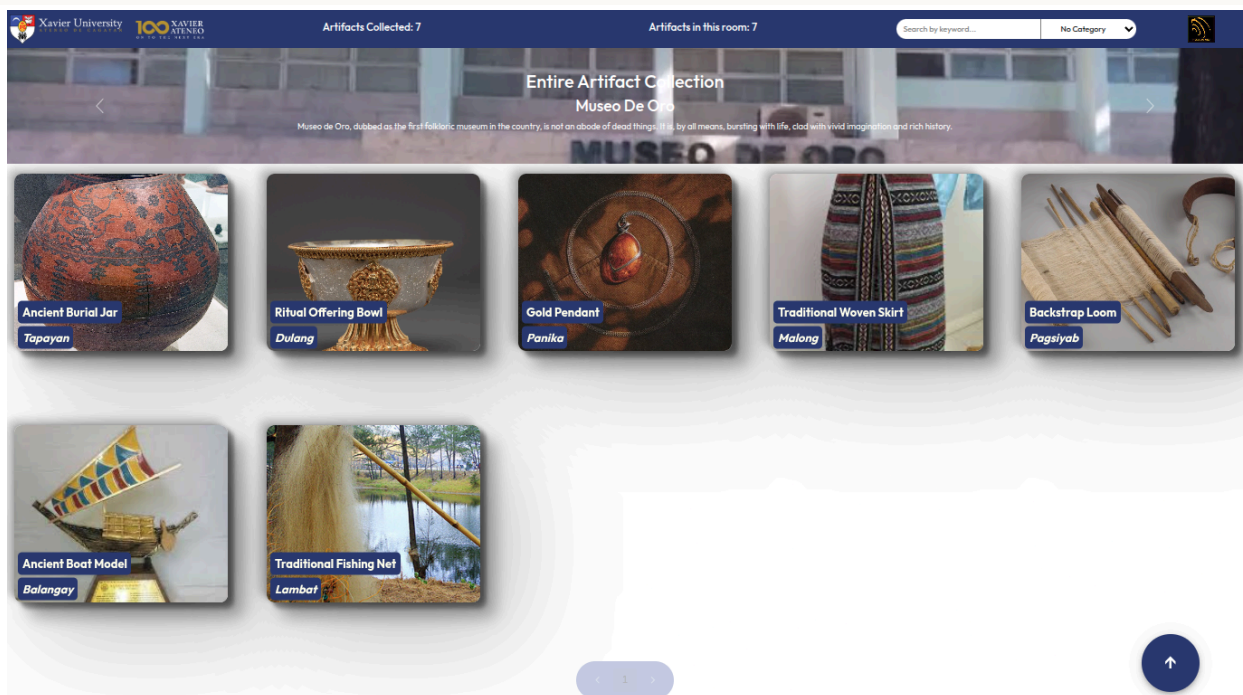

Figure 3.2. Main Display - Artifact collection view

3.3 Viewing Rooms

STEPS:

- Use the left and right arrows on the main display to switch between rooms.
- Check that the artifact cards update based on the selected room.

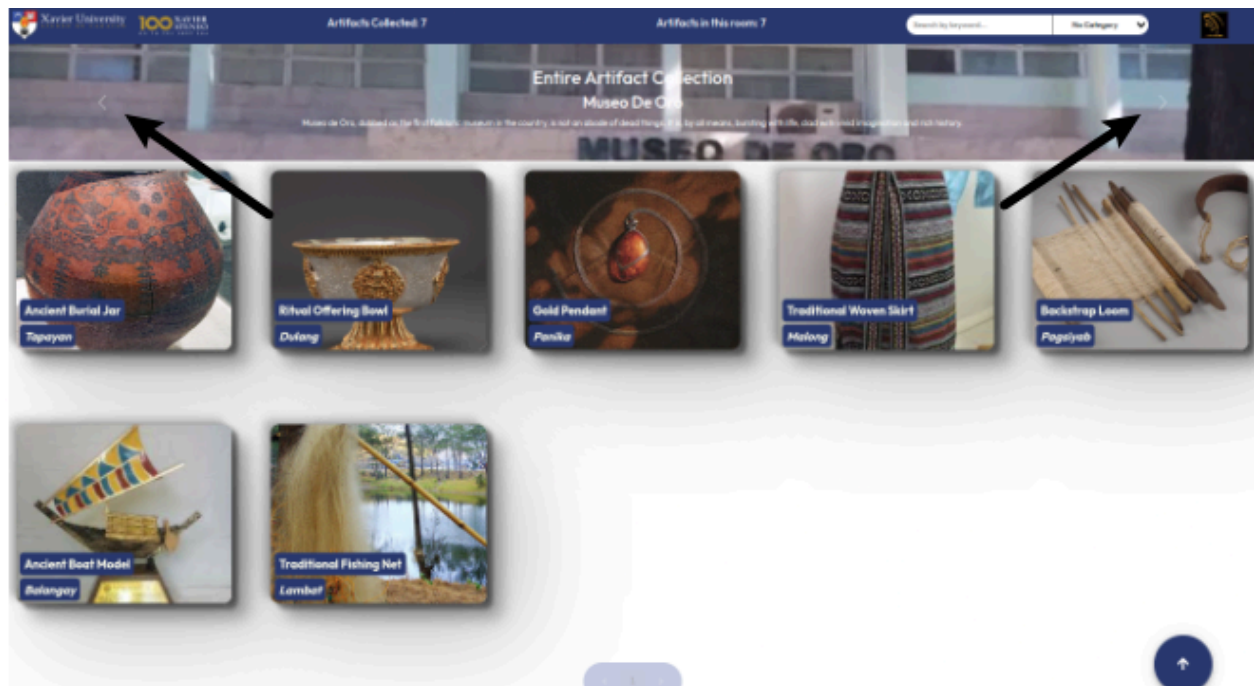

Figure 3.3a. Room navigation arrows

3.4 Searching and Filtering Artifacts

STEPS:

- Click the search bar.
- Type a keyword such as the artifact name, vernacular name, or accession number.
- Use the category dropdown to filter artifacts by category.

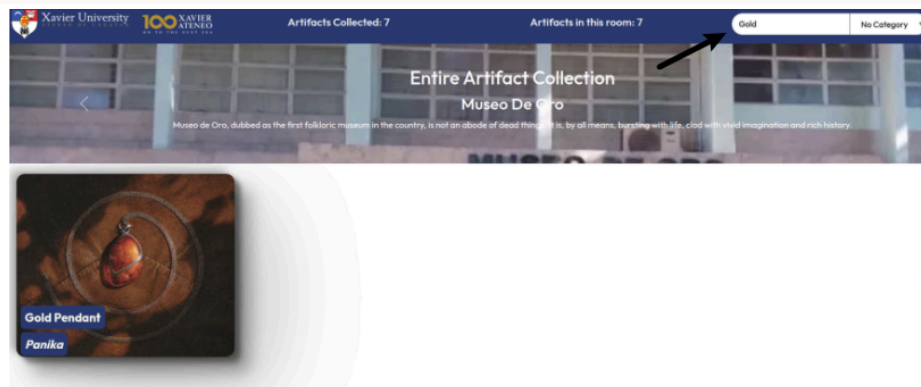

Figure 3.4a. Search bar functionality

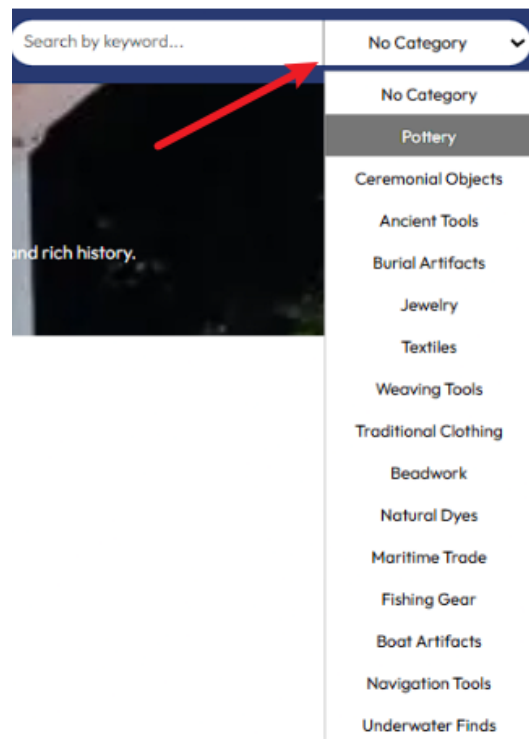

Figure 3.4b. Category dropdown filter

3.5 User Manual and Logout

STEPS:

- Click the profile or menu icon in the top-right area of the screen.
- Select **User Manual** to open the guide, or select **Logout** to securely end the session.

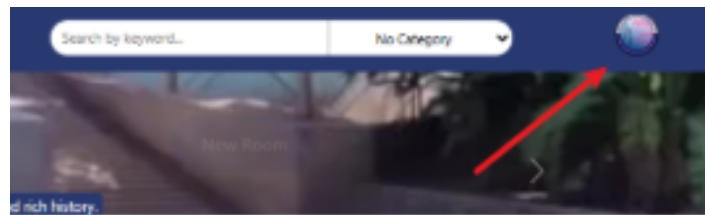

Figure 3.5a. Profile menu icon

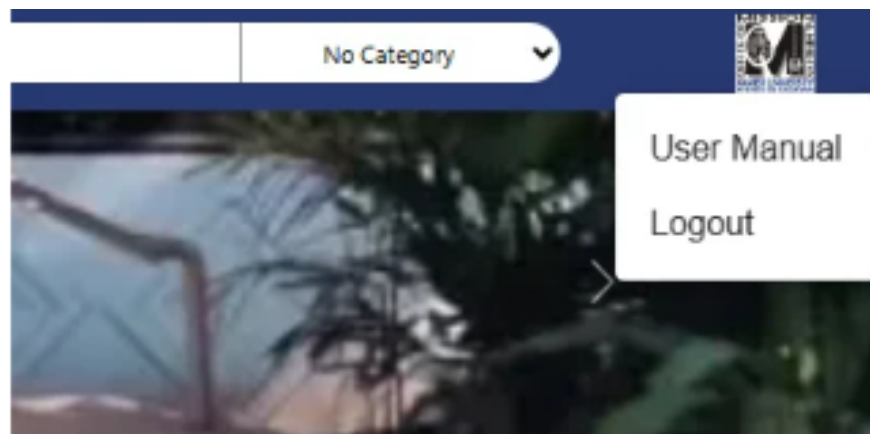

Figure 3.5b. User Manual and Logout options

3.6 Adding a New Room

STEPS:

- Click the **New Room** button on the main display.
- In the New Room form, enter the room title, room location, and caption.
- Upload a room photo if required.
- Click **Submit** to save the new room.

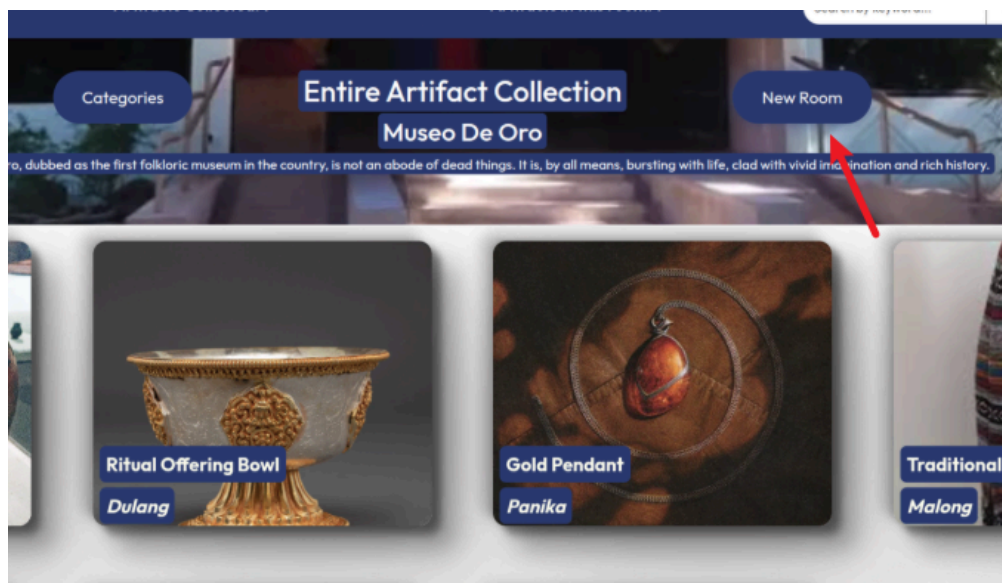

Figure 3.6a. *New Room form*

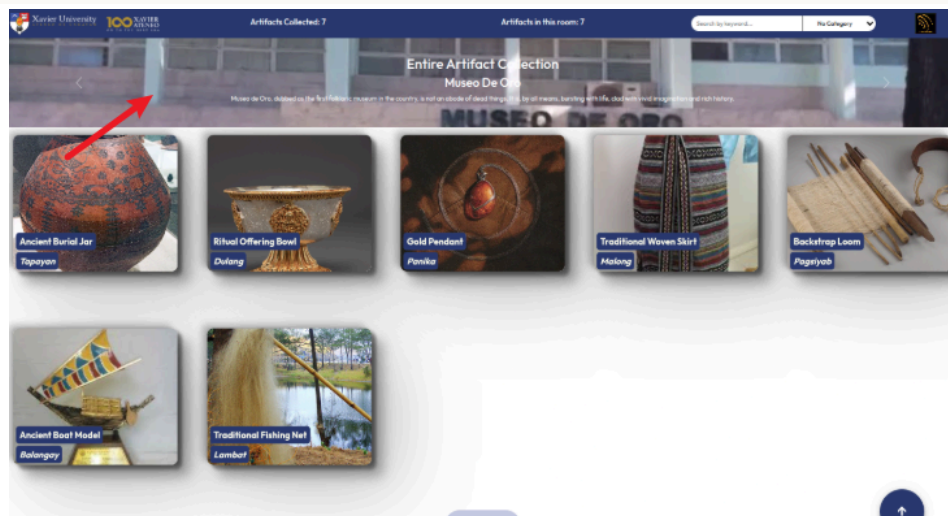

A screenshot of the 'New Room' form. The form is titled 'New Room' and has a close button (X) in the top right corner. It contains four input fields: 'Title', 'Room Location', 'Caption', and 'Room Photo'. The 'Room Photo' field has a 'Choose File' button and a 'No file chosen' message. Below the 'Room Photo' field, there is a 'No file selected yet' message and a 'Submit' button.

Figure 3.6b. *Newly created room displayed*

3.7 Modifying a Room

STEPS:

- Click the room photo or room area that needs to be edited.
- Update the title, location, caption, or room photo in the Modify Room window.
- Save the changes after reviewing the updated room details.

Modify Room

Remove Room

Figure 3.7. Modifying a Room - Edit form interface

3.8 Deleting a Room

STEPS:

- Open the Modify Room window for the room to be removed.
- Click **Remove Room**.
- Make sure the room no longer contains artifacts before confirming deletion.

The screenshot shows a 'Modify Room' dialog box with a dark blue header and a close button (X) in the top right corner. The dialog contains four main sections, each with a blue header and a white input field:

- Modify Title:** The input field contains the text 'Weaving Traditions'.
- Modify Room Location:** The input field contains the text 'XH305'.
- Modify Caption:** The input field contains the text 'Traditional Filipino textiles and weaving techniques from v'.
- Modify Room Photo:** This section includes a 'Browse...' button, the text 'No file selected.', and a 'Change Photo' button. A black arrow points from the 'Change Photo' button to the 'Remove Room' button below.

At the bottom of the dialog, there is a question 'Don't want this room anymore?' followed by a red 'Remove Room' button.

Figure 3.8. *Deleting a Room - Confirmation dialog*

3.9 Viewing Artifact Information

STEPS:

- Click an artifact card from the main display.
- Review the information window.
- Use the **Physical**, **Contacts**, and **Provenance** tabs to view different details.

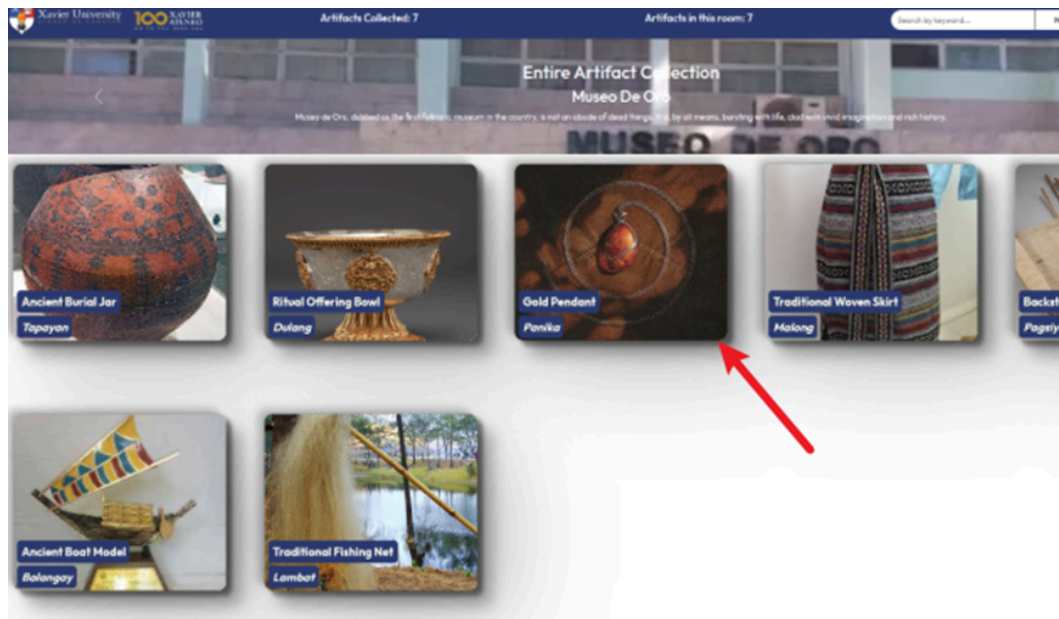

Figure 3.9a. Artifact information window

The 'Physical' tab is active, showing fields for physical dimensions and remarks. The fields are as follows:

DIAMETER (FOR ROUND ARTIFACT)

3.10 Adding a New Artifact

STEPS:

- Click the action arrow at the bottom-right corner of the screen.
- Select **New Artifact**.
- Complete the Basic Information tab.
- Continue through the Provenance, Physical Description, Contact Person, and Images tabs.
- Upload the artifact image and click **Submit**.

A screenshot of the Museo De Oro app's 'Basic Information' tab. The app has a dark blue header with the 'Museo De Oro' logo and a close button. Below the header is a progress bar with five tabs: '1 Basic Information', '2 Provenance', '3 Physical Description', '4 Contact Persons', and '5 Images'. The 'Basic Information' tab is active. It contains several input fields: 'English Name for Artifact *', 'Vernacular Name for Artifact', 'Accession Number *', and 'Catalogue Number *'. To the right of these fields is a 'Categorize an artifact' section with a grid of buttons: 'Pottery', 'Ceremonial Objects', 'Ancient Tools', 'Burial Artifacts', 'Jewelry', 'Textiles', 'Weaving Tools', 'Traditional Clothing', 'Beadwork', 'Natural Dyes', 'Maritime Trade', and 'Fishing Gear'. Below this grid is a 'Storage Location' input field and a 'Room *' dropdown menu with the text 'Tap To Select Room'. At the bottom of the form is a 'Continue' button.

3.11 Deleting an Artifact

STEPS:

- Hover over the artifact card.
- Click the trash can icon.
- Confirm the deletion in the confirmation window.

Figure 3.11a. *Trash can icon on artifact card*

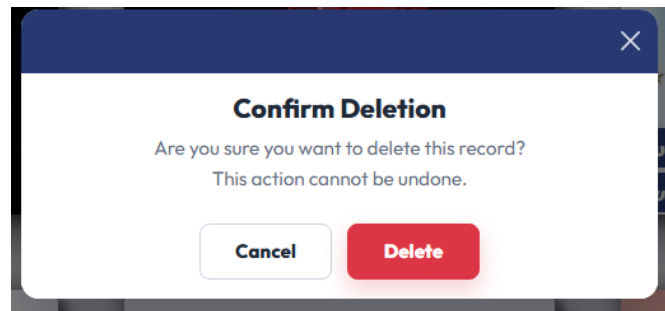

Figure 3.11b. *Delete confirmation dialog*

3.12 Changing Artifact Thumbnail

STEPS:

- Hover over the artifact card.
- Click the dropdown menu in the top-left corner of the artifact card.
- Select the image view that should become the displayed thumbnail.

Figure 3.12. Changing Artifact Thumbnail - Dropdown menu

3.13 Transferring an Artifact

STEPS:

- Hover over the artifact card.
- Click the room dropdown menu in the bottom-right area of the card.
- Select the destination room from the list.

Figure 3.13. Transferring an Artifact - Room selection dropdown

3.14 Downloading an Artifact Report

STEPS:

- Hover over the artifact card.
- Click the **Download** button.
- Wait for the artifact report file to download.

Figure 3.14. Downloading an Artifact Report - Download button

3.15 Managing Categories

STEPS:

- Click the **Categories** button on the main display.
- View the list of available categories.
- Add a new category when needed.
- Use the delete or edit options to update the category list.

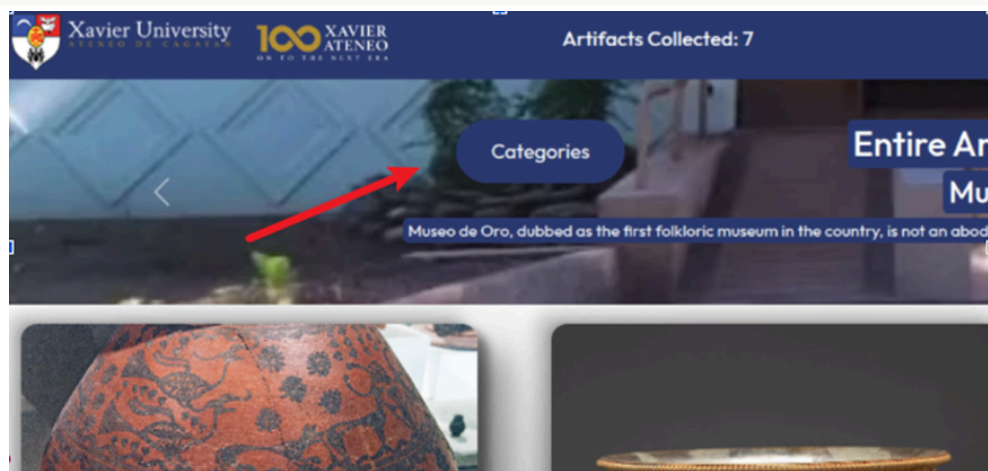

Figure 3.15a. *Categories button on main display*

3.16 Adding a New User

STEPS:

- Click the action arrow at the bottom-right corner of the screen.
- Select **New User**.
- Fill out the Create User form with the required account details.
- Click **New User** to create the account.

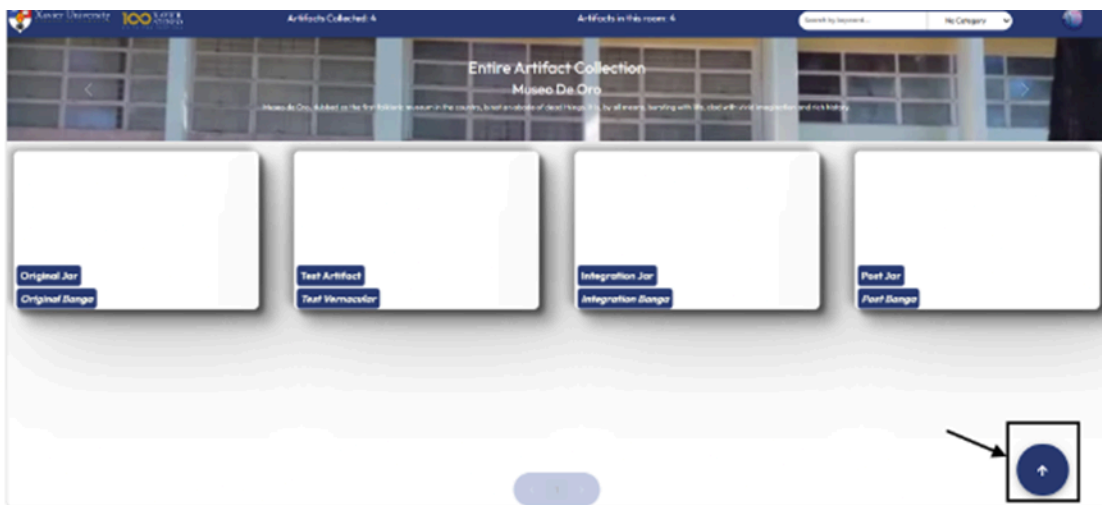

Figure 3.16a. Action menu - New User option

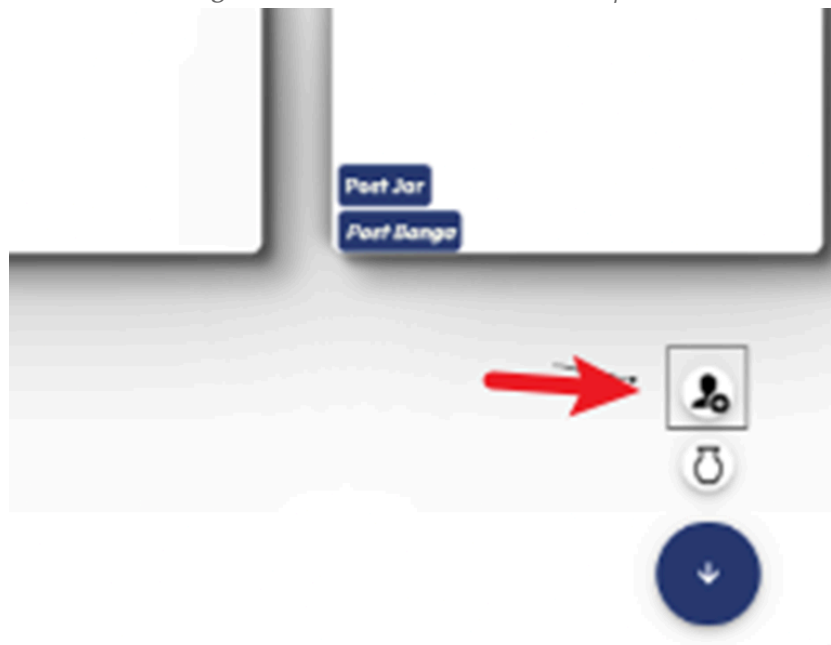

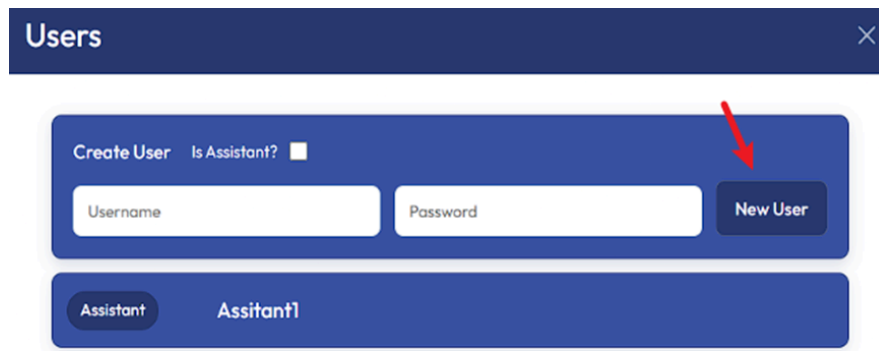

Figure 3.16b. Create User form

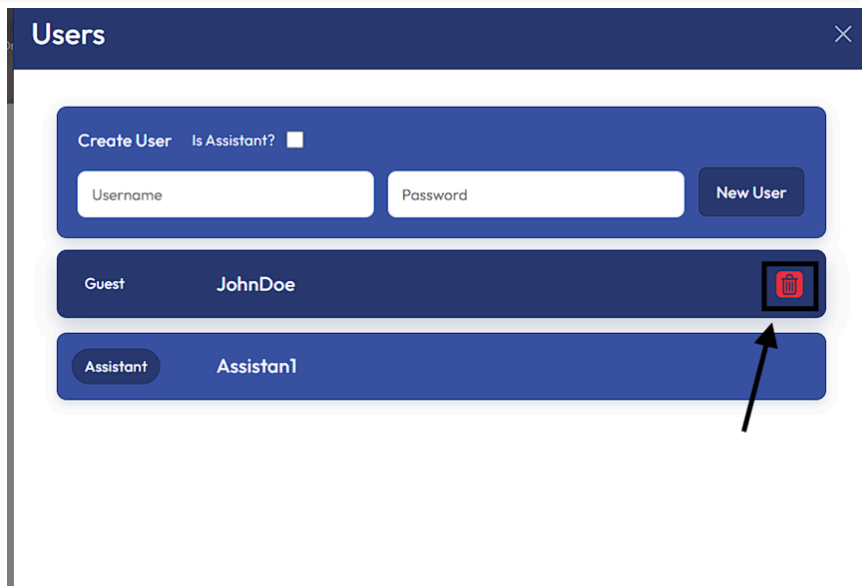

The screenshot shows a window titled "Users" with a close button (X) in the top right corner. Below the title bar is a "Create User" form. The form includes a label "Create User" and a checkbox "Is Assistant?" which is currently unchecked. There are two input fields: "Username" and "Password". To the right of these fields is a button labeled "New User". A red arrow points to this button. Below the form is a table with two rows. The first row has a button labeled "Assistant" and the text "Assitant1". The second row is empty.

Figure. 3.16 Adding a New User

3.17 Deleting a User

STEPS:

- Open the Users window.
- Find the user account to remove.
- Click the red delete button beside the user name.
- Confirm the deletion if prompted.

The screenshot shows the same "Users" window as in Figure 3.16. The "Create User" form is still visible. Below it, the table now has two rows. The first row has a button labeled "Guest" and the text "JohnDoe". To the right of "JohnDoe" is a red delete button (a trash can icon). A black arrow points to this button. The second row of the table has a button labeled "Assistant" and the text "Assistan1".

Figure 3.17. Deleting a User - User management interface

4. For the Assistant

Assistant accounts are intended for users who help maintain artifact records. Assistants can browse artifacts and add new artifact records, but they do not have full administrative access to rooms, users, or certain edit/delete functions.

4.1 Logging In

STEPS:

- Open the login page.
- Enter the Assistant username or email address.
- Enter the password.
- Click **Login**.

The screenshot shows a login interface for the Museo de Oro Collection Inventory Management System. At the top is the Xavier University Ateneo de Cagayan logo. Below it, the system name is displayed. A note states that Assistant and Guest accounts use username and password. The form includes a 'Username' field with a placeholder 'Type your username', a 'Password' field with a placeholder 'Type your password' and a 'Show' toggle, a blue 'Login' button, and a 'Sign in with Google' button for administrators.

4.2 Browsing and Searching Artifacts

STEPS:

- Use the main display to browse artifact cards.
- Use the room arrows to view artifacts by room.
- Use the search bar and category filter to narrow down results.

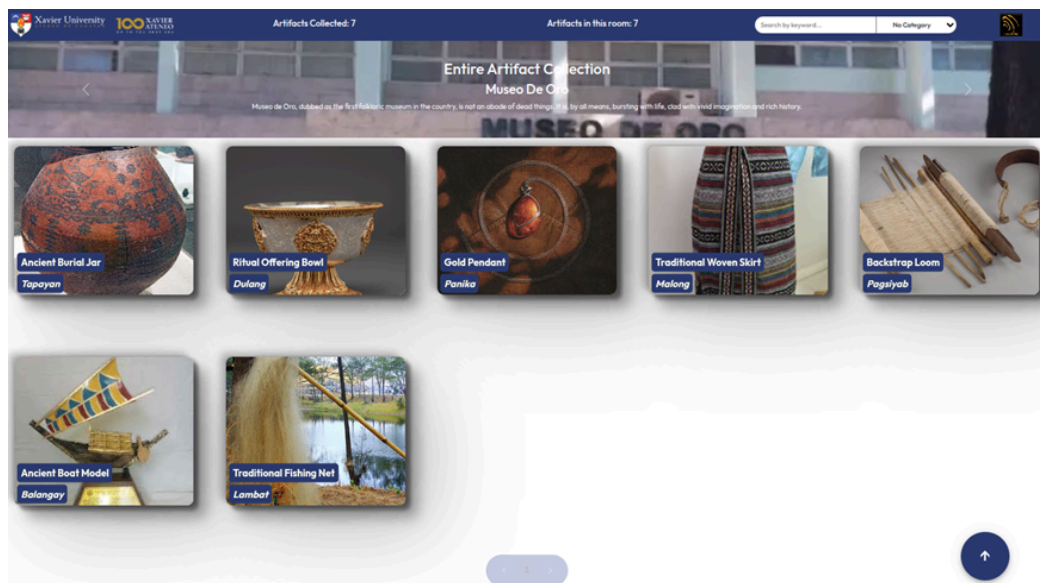

Figure 4.2a. Browsing artifact cards

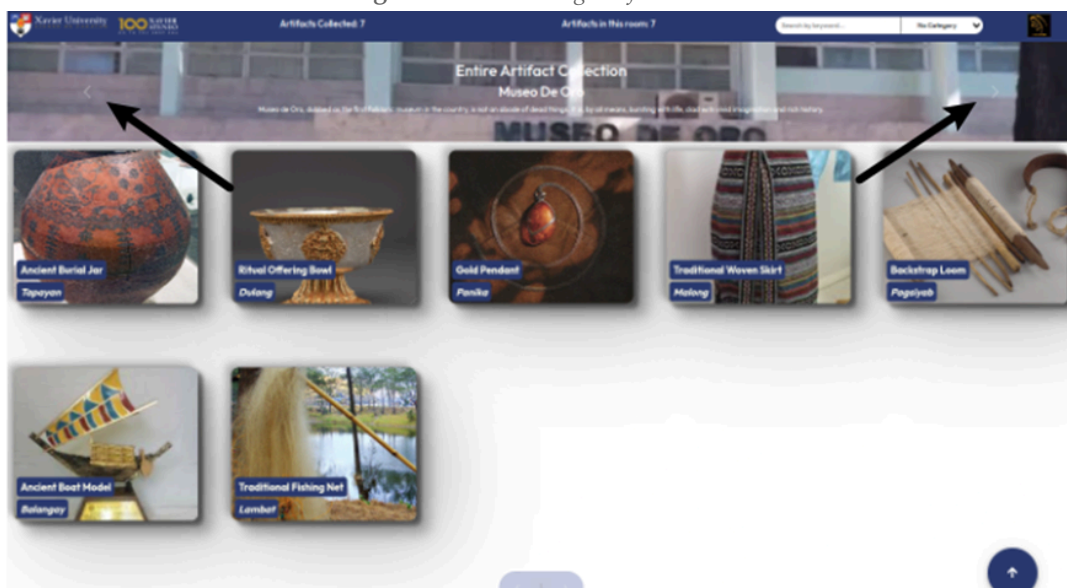

Figure 4.2b. Search and filter functionality

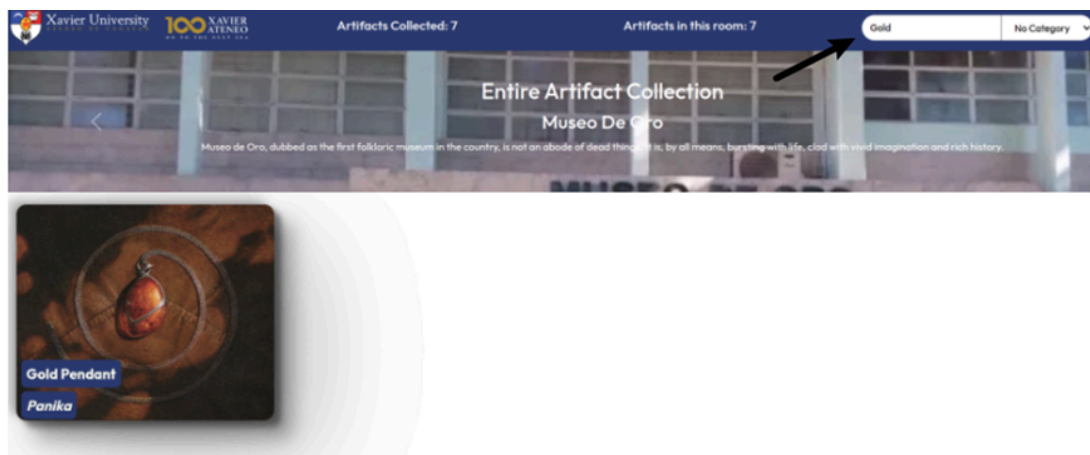

Figure. 4.2 Browsing and Searching Artifacts

4.3 Adding a New Artifact

STEPS:

- Click the action arrow at the bottom-right corner.
- Select **New Artifact**.
- Complete each required tab in the artifact form.
- Upload an image and submit the record.

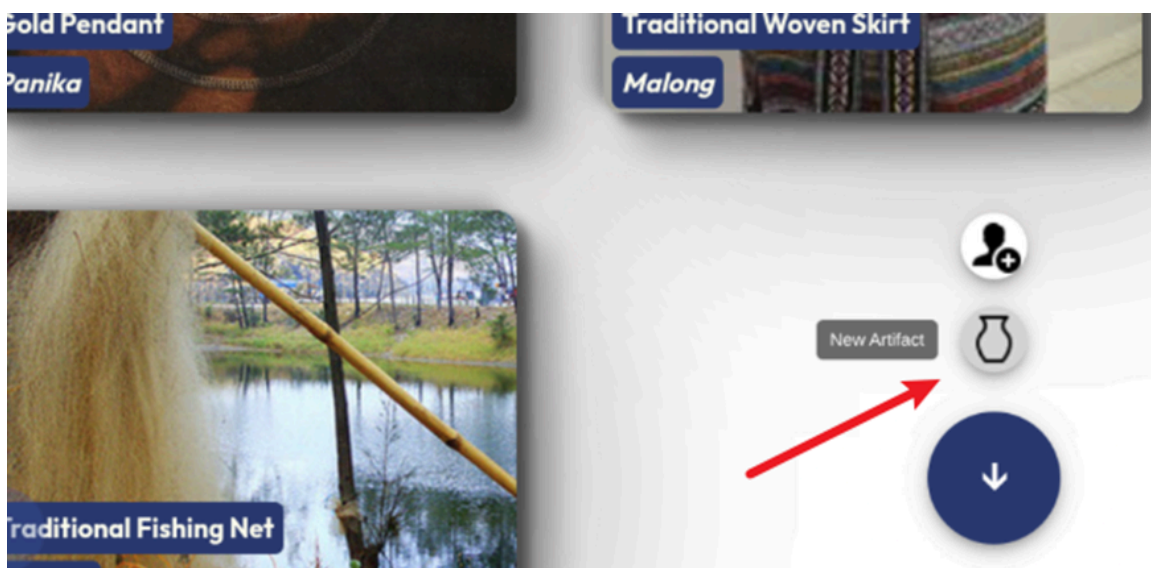

Figure 4.3a. Action menu - New Artifact

A screenshot of the Museo De Oro app showing the 'New Artifact' form. The form is titled 'Museo De Oro' at the top. It has a progress bar with five steps: 1. Basic Information, 2. Provenance, 3. Physical Description, 4. Contact Persons, and 5. Images. The 'Basic Information' step is active. It contains several input fields: 'English Name for Artifact *', 'Vernacular Name for Artifact', 'Accession Number *', and 'Catalogue Number *'. To the right of these fields is a section titled 'Categorize an artifact' with a grid of buttons: Pottery, Ceremonial Objects, Ancient Tools, Burial Artifacts, Jewelry, Textiles, Weaving Tools, Traditional Clothing, Beadwork, Natural Dyes, Maritime Trade, and Fishing Gear. Below this grid is a 'Storage Location' section with a text input field and a 'Room *' dropdown menu with the text 'Tap To Select Room'. At the bottom of the form is a large blue button labeled 'Continue'.

Figure 4.3b. Artifact form - Basic Information

The screenshot shows the 'Basic Information' tab of the Museo De Oro artifact form. The header bar is dark blue with the museum's name and a close button. Below the header, a progress bar shows five steps: 1. Basic Information (checked), 2. Provenance, 3. Physical Description, 4. Contact Persons, and 5. Images. The main content area is divided into two columns. The left column, titled 'Provenance', contains three text input fields: 'Ethnic Group', 'Place Of Origin', and 'Locality'. The right column, titled 'How artifact was collected *', contains five radio button options: 'Donated', 'Excavated', 'On Loan', 'Found', and 'Purchased'. At the bottom, there are two buttons: 'Previous' and 'Continue'.

5. For the Guest

Guest accounts are intended for viewing and browsing artifact information. Guests have limited access and cannot create, edit, transfer, or delete records.

5.1 Logging In

STEPS:

- Open the login page.
- Enter the Guest account credentials.
- Click **Login** to access the collection view.

The image shows a login screen for the 'Museo de Oro Collection Inventory Management System' at Xavier University Ateneo de Cagayan. The screen has a dark blue background with white text and input fields. At the top is the university's crest. Below it, the text 'Xavier University ATENEO DE CAGAYAN' is displayed. The main title 'Museo de Oro Collection Inventory Management System' is centered. A note states 'Assistant and Guest accounts use username and password.' There are two input fields: 'Username' with a placeholder 'Type your username' and 'Password' with a placeholder 'Type your password' and a 'Show' link. A blue 'Login' button is below the password field. At the bottom, there is a link 'Admins use Google Login' and a 'Sign in with Google' button with the Google logo.

Figure 5.1. Guest Login - Credential entry screen

5.2 Browsing, Searching, and Viewing the Collection

STEPS:

- Browse the artifact cards on the main display.
- Use room arrows to move between rooms.
- Use the search bar or category filter to find specific artifacts.

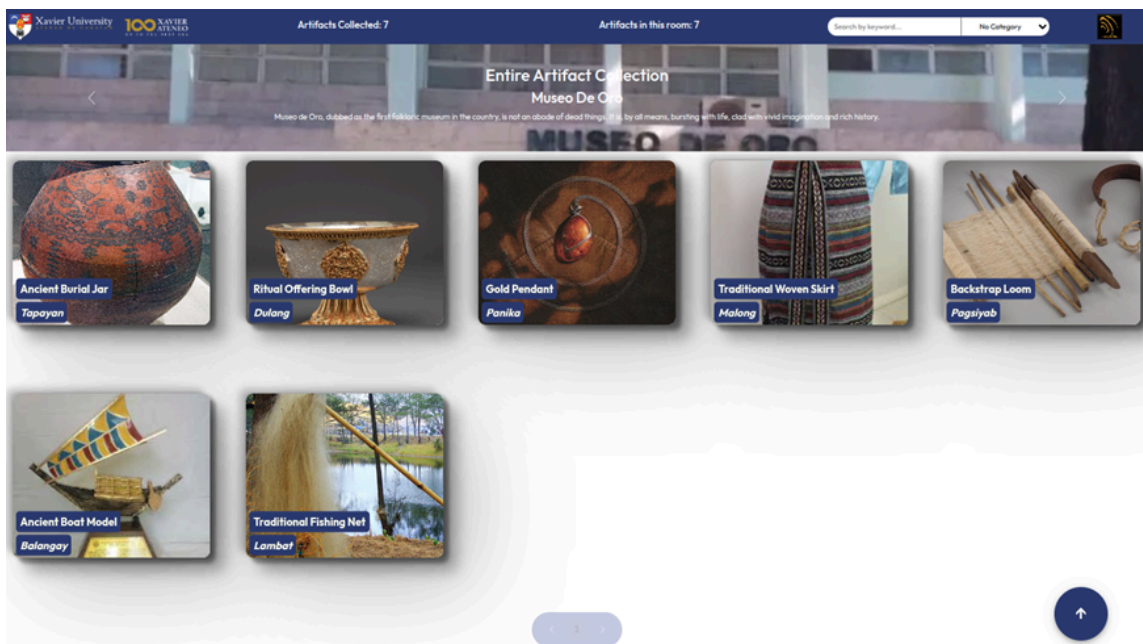

Figure 5.2a. Guest collection browsing view

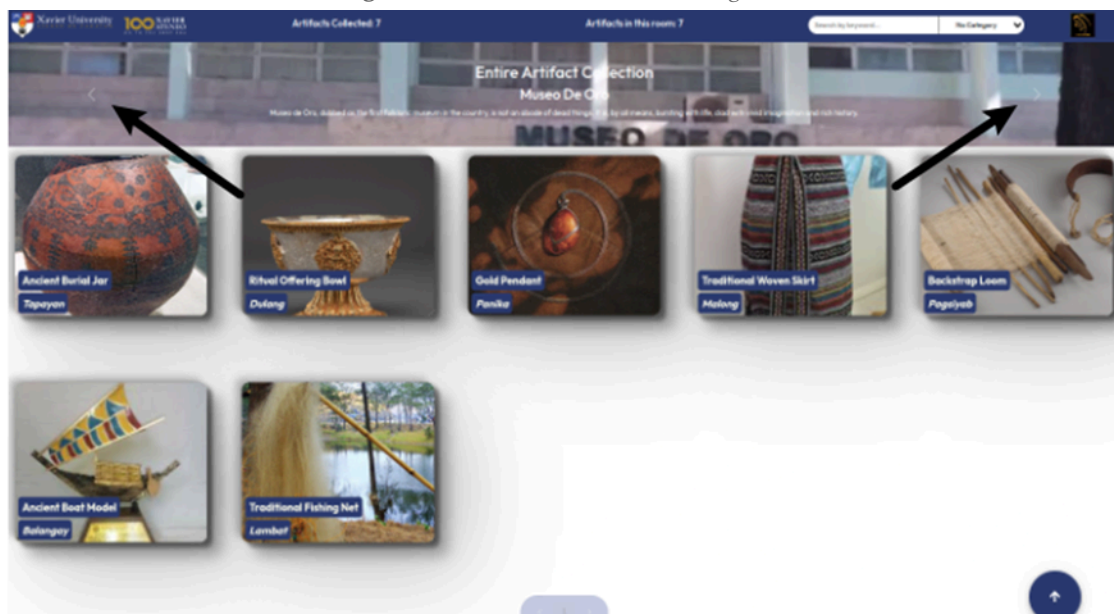

Figure 5.2b. Search and filter for guests

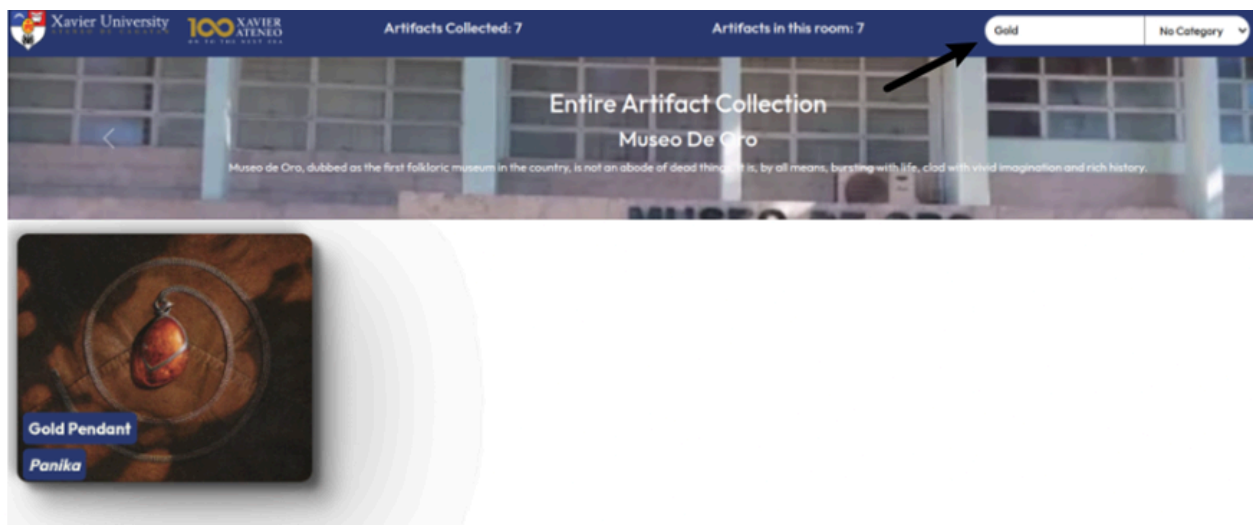

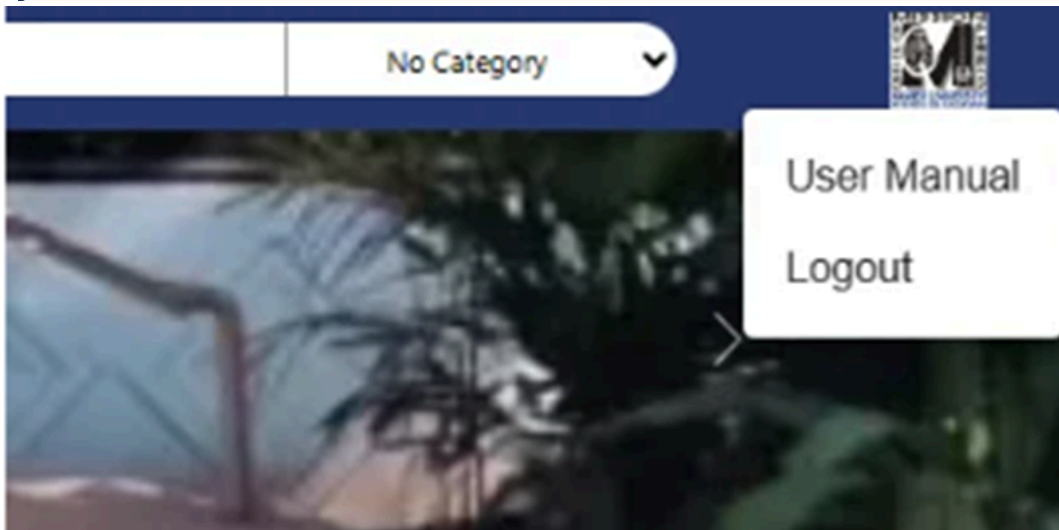

Figure 5.2c. Room navigation for guests

6. Common Tasks and Troubleshooting

6.1 Opening the User Manual

STEPS:

- Click the profile or menu icon near the search bar.
- Select **User Manual** from the dropdown menu.
- The manual will open in PDF format if the file is available.

6.2 Logging Out

STEPS:

- Click the profile or menu icon.
- Select **Logout**.
- Wait until the system returns to the login page.

6.3 Understanding Common Issues

Issue	Possible Cause	Suggested Action
Cannot log in	Incorrect username, email, password, or role access	Check the credentials and ask the Admin to verify the account.
Google Sign-In does not work	Google OAuth configuration or authorized origin may be incorrect	Report the issue to the system administrator.
Artifact does not appear	Search/filter is active or artifact was moved to another room	Clear the search/filter and check out other rooms.
Cannot delete a room	The room still contains artifacts	Transfer or remove artifacts before deleting the room.
Image does not upload	Unsupported file type or upload issue	Use an approved image format and try again.
Button or option is missing	The user role does not have permission	Use an account with the required role or contact the Admin.

7. Glossary

Term	Meaning
Admin	A user role with full access to manage rooms, users, categories, and artifact records.
Assistant	A user role that can view the artifact collection and help add artifact records, with limited administrative access.
Guest	A limited user role that can view the artifact collection.
Artifact	A museum item or object recorded in the inventory system.
Room	A museum location or collection area where artifacts are stored or displayed.
Category	A classification used to group artifacts by type.
Provenance	Historical origin, location, or ownership of information associated with an artifact.
Thumbnail	The main image is displayed on an artifact card.
